Volunteers caring for the Alpine National Park

Do you love ...

Fresh mountain air and spectacular alpine views?
Great times with new friends?
Helping care for nature?
Hiking, skiing or camping on the Bogong High Plains and want to give something back?

Yes? then join the Friends of Bogong!

The Friends Group provides an avenue for people of all ages and from all walks of life who are interested in the conservation of the Bogong High Plains and adjacent peaks of the Alpine National Park to give something back to the environment they gain so much enjoyment from.

Our objectives are to:

- Provide support to the management of the Alpine National Park
- Assist the Parks Victoria Rangers with special projects and activities in the Alpine National Park
- Foster public awareness of the Alpine National Park
- Bring into contact people with a mutual interest in the Alpine National Parks Victoria

The Friends Group operates under the umbrella of the Victorian Environmental Friends Network (VEFN)

Working with Parks Victoria Rangers based at Mount Beauty, we schedule regular working parties each year. We undertake a range of activities, including:

- Track building and clearing
- Erosion control on tracks and roads
- Removing old wire fences and posts
- Pest plant control
- Planting to revegetate an area
- Environmental monitoring

You'll need camping equipment and food to stay overnight, strong boots, warm clothes, good humour and lots of enthusiasm!
